THE AUTOPLAN Alone the vision it presents makes the Pischhof Autoplan one of the most original aeroplanes ever seen in the aviation industry. German magazine for aeronautics, Berlin, 5. April 1911

World Aviation Records until 1912

76	France
23	Austro-Hungarian Empire
11	Italy
9	USA
6	England
5	German Empire
1	Belgium

19. September 1910, Vienna Neustadt Airfield, under the Supreme Protectorate of His Imperial and Royal Apostolic Majesty, Emperor and King FRANZ JOSEPH I.

„ I am clearly impressed“

The feeling is indescribable - sitting in an aeroplane that literally made history. 1910 the Autoplan was the first passenger aircraft in the Austro-Hungarian Empire and one of the safest and most innovative flying machines of its time. The reconstruction of the Autoplan took more than 8000 hours.
